STAYFLAT™ SHEET PANS

(Patent Pending)

Chicago Metallic is excited to introduce the world's first sheet pans with the strength of a completely enclosed pan rim and a certification by NSF International. In addition to meeting strict safety and quality standards established by this trusted global authority, this groundbreaking pan features StayFlat™ technology that dramatically increases pan strength and longevity. See page 8 for all of our NSF certified sheet pans.

Bakeware Innovation: The Chicago Metallic Story

The Bundy Promise

For more than 50 years, Bundy Baking Solutions has driven innovation and excellence to exceed customer expectations. Today, our family-owned company remains committed to providing complete satisfaction for every customer, with every order, and in every interaction with our team. We are not satisfied until you are 100% satisfied.

THAT'S THE BUNDY PROMISE.

For more than a century, the Chicago Metallic name has been synonymous with innovative products, superior quality, and exceptional service. Today, we manufacture more than 300 different baking pans and ship to customers worldwide—typically within 48 hours.

Quality

- **Biggest inventory:**
We maintain the world's largest inventory, so you can get the products you need without delay.
- **Best coatings:**
Our proprietary coatings outperform everything else on the market.
- **Superior performance:**
Our materials and coatings provide unmatched durability and strength, and we continually innovate to make products safer, more sanitary, and environmentally sound.

Expertise

- **Deep experience:**
We began creating quality bakeware in 1898—and have continually innovated and enhanced for more than a century.
- **Precision manufacturing:**
All Chicago Metallic products are designed and manufactured in our U.S. facilities for unmatched quality control.
- **Custom solutions:**
Need something unique? We'll create custom pans to meet your exact specifications and supply chain needs.

Service

- **Delivery on demand:**
We stock vast inventory, so most orders ship within 24 to 48 hours.
- **Outstanding service:**
Chicago Metallic is a family-owned company, and our deep passion for the baking industry is matched only by our commitment to exceptional service.
- **Guaranteed satisfaction:**
In addition to the confidence of working with the world's largest baking pan manufacturer, you can enjoy the peace of mind that comes with knowing your satisfaction is 100% guaranteed.

We Promise Fairness

We treat all customers fairly through our pricing, product guarantees, and service.

We Promise Responsiveness

We respond to the needs of our customers—and the industry overall—in a timely and professional manner.

We Promise Intelligence

We offer products and services designed to provide intelligent solutions to our customers' challenges, and we continue to innovate and advance through reinvestment in our brands.

We Promise Quality

We are passionate about quality, design, and precision. We manufacture our products to exacting standards and stand behind everything we sell.

We Promise Integrity

Our brands are rooted in honesty, trust, and respect, and these values guide everything we do.

Quality, Service, & Customized Solutions

World-Class Pan Coatings

Custom Pan Manufacturing

Need custom pan sizes, mould designs, or configurations? Chicago Metallic can design a pan to meet your specific baking needs. Minimum order quantities are as low as 250 on most pans (500 for single bread and cake pans). Contact us at 1.800.323.3966, Ext. 130 or customerservice@cmbakeware.com for more information.

We can create pans to your specifications including:

- Overall pan size and mould arrangements and dimensions
- Unique mould designs for signature products
- Pan materials - aluminum, aluminized steel, stainless steel, anodized aluminum, etc.
- Pan coatings - AMERICOAT® ePlus glaze, OptiShield liquid dispersion coating, or DuraShield® non-stick coating in standard or custom colors

Export Ready

The Chicago Metallic warehouse is fully stocked with inventory ready to ship worldwide. To order, simply email your requests to customerservice@cmbakeware.com or contact Customer Service directly. Our North America toll-free number is 1.800.323.3966, Ext. 130 and our direct line is 1.731.824.4130. You can also visit us on the web at cmbakeware.com.

Pan Glo® Pan Recoating Service

Even with proper care and cleaning, your pans will eventually need to be refurbished. That is why we offer the Pan Glo® process. Every year, millions of baking pans of every shape, size, brand, and configuration are processed by Pan Glo® plants across North America. These cleaned and freshly reglazed pans are returned to productivity with improved release characteristics. For more information on our Pan Glo® services, call 1.800.652.2151 or visit our website at pan-glo.com.

Pan Coatings

Chicago Metallic offers different coatings to meet your production needs or preference. Below is a table showing the basic differences between our standard pan coatings. Coatings can also be tinted for easy, at-a-glance identification, or pans can be stamped with an identifying label. More information can be found on our website, cmbakeware.com. Please note, while nearly all of our glazed pans are stock items, most DuraShield® and all OptiShield coated pans would require a custom order with minimum order quantities. (see Custom Pan Manufacturing, page 6)

We can stamp your pans with an appropriate label, or use tinted coating to color-code pans for even easier, at-a-glance identification.

Pan Coating	Release Mechanism	Standard Color	Other Color(s) Available	Approx. # Releases*	Oil Usage Reduction	Dishwasher Safe	PFOA Free	FDA Conformity	Pan Glo® Available
AMERICOAT® ePlus	Silicone	Clear	Yes	600	Up to 50%	No	Yes	Yes	Yes
OptiShield	Liquid Dispersion Fluoropolymer	Grey/Black	Yes	1500	Up to 75%	Yes	Yes	Yes	Yes
DuraShield® Non-Stick Coating	Fluoropolymer	Dark Green/Black	Yes	3500	Up to 100%	Yes	Yes	Yes	Yes

Sheet Pans

Full-Size Sheet Pan Identification Guide

Our item # stamping system allows for easy reordering of any of our Full-Size sheet pans. Check the back of your sheet pan for one of these numbers and then choose the appropriate item number based on your preferred coating option.

Allergen Management Bakeware

Managing food-related allergens is an issue that bakery and food service operations are required to address. When dealing with customers diagnosed with food allergies, careful attention to food preparation and communication is a necessity. It is also a major business decision that can draw loyal customers. Chicago Metallic is excited to offer our new collection of color-coded DuraShield® 265U coated pans to help your operation more safely and efficiently produce allergen-free alternatives for your customers.

Cupcake & Muffin Pans

Muffin Pan Mould Profiles

(A) Bell-Shaped Crown (B) Large Rounded Crown (C) Cake Top

Our Muffin Pan Mould Profiles are shown above. All dimensions are in inches. Most Chicago Metallic muffin pan moulds produce a bell-shaped crown. Other moulds produce a rounded crown or a flatter, cake-like top. Each mould profile is marked with an (A), (B), or (C) to indicate its typical muffin crown shape.

Large-Radius Corners

Chicago Metallic muffin pans feature an innovative **Large-Radius, Seamless Corner** design. This design significantly increases pan frame and corner strength, extends pan life, and makes pans safer, more sanitary, and easier to handle. These pans also nest and stack easily with older, small-radius corner pans.

Bun & Roll Pans

Band in Rim 
Heavier; anti-shingle design, ideal for conveyorized and high volume bakeries.

Wire in Rim 
Lighter; best for rack oven applications.

ePan® Bun Pans

ePan® Bun Pans from Chicago Metallic use high-tensile-strength aluminized steel to create pans that are thinner, lighter, and substantially stronger than traditional pans. Using less metal also means ePan® Bun Pans heat faster and cool more quickly.

AMERICOAT® ePlus

This long-lasting silicone glaze delivers up to 30% more releases and, in addition, reduces carbon transfer and decreases oil usage by 50%. AMERICOAT® ePlus glaze is available as a standard option for many Chicago Metallic products, with inventory ready to ship within 24 to 48 hours.

NEW - Our recently enhanced formula has a VOC content well below EPA standards, which provides our longest release life to date.

The BĀKALON Advantage

Advanced BĀKALON Pans are made with high-strength aluminum with a durable, hard-coat, anodized surface that will not chip, peel, rust, or interact with food. Tough enough for the demands of commercial kitchens, these high-performance pans enable a perfect bake every time, thanks to a dark surface that absorbs radiant heat for faster baking times at lower temperatures.

In addition, BĀKALON pans pre-seasoned with AMERICOAT® ePlus offer exceptional ease and convenience, combining the release characteristics of a non-stick coating with the flexibility to use metal utensils.

Bundy Professional Bakeware

Bundy Professional Bakeware, a line of bakeware proudly made in the USA, provides new pan designs in convenient sizes for smaller operations or new product introductions. These pans are made of aluminized steel and built to the same standards as our commercial bakeware line. Every Bundy Professional Bakeware pan is coated with AMERICOAT® ePlus, our proprietary silicone bakery release coating, and provides the best release performance in the industry.

Look for Bundy Professional Bakeware on the showroom shelves of your favorite bakery or food service dealer or ask them to place an order for you.
